2:00 p.m. Board of Directors meeting at the Lodge

4:30 p.m. Kentucky Bird Records Committee meeting at the Lodge

7:00 p.m. Evening Program

Business meeting and election

Paul Bannick from Seattle, Washington, will present a program based on his recent book *The Owl and the Woodpecker*. Paul will take us on a photographic journey of 11 key North American habitats through the needs of all 41 of North America's owl and woodpecker species. This stunning photographic study will be accompanied by field stories and rich natural history derived from thousands of hours in the field. His talk will look at the way owls and woodpeckers define and enrich their habitat and how their life-histories are intertwined.

Sunday, 27 September

8:00 a.m. Field trips will again depart from the Lodge

Additional Fall Meeting Accommodations

Rooms at the Lake Barkley State Park Lodge will be held until a month before the meeting. Other motels in the Cadiz area are included below.

About the Saturday evening speaker

Paul Bannick is an award winning photographer whose work has appeared in numerous magazines including Audubon and Pacific Northwest. He works full time for Conservation Northwest in Seattle, an environmental organization dedicated to protecting and connecting wild areas from the Pacific Coast to the Canadian Rockies. His recent publication “The Owl and the Woodpecker” has received excellent reviews. For more information please visit his website at www.paulbannick.com.
